income budgeting game

directions

Your teacher will tell you how much “money” you have to spend. You must buy something in each category. The number of squares shows you how much each choice costs. Place one cube in each square next to your choice. Do you have enough money?

Video Games

play with games you already have

buy used video games

play video games at an arcade

buy new video games

School Lunches

take packed lunch from home

buy lunch at school

buy lunch at a fast-food restaurant

income budgeting game

Sports Equipment

- use equipment that you already have
- buy used sports equipment
- buy new sports equipment
- buy brand-name sports equipment

Movies

- borrow from public library
- rent a video
- go to half-price matinee
- go to see full-price movie

income budgeting game

Donations to Church or Charity

less than five percent

five percent

10 percent

Clothes

wear what you already have

buy at a thrift store

buy at a discount store

buy at a department store

lesson 3 quiz: spending categories

put a check mark beside the five spending categories in this list.

_____ Salary

_____ Movie tickets

_____ Transportation

_____ Entertainment

_____ Candy bars

_____ Clothing

_____ Wages

_____ Automobile

_____ Soda

_____ Expenses

_____ Allowance

spending summary

How much money did you spend in each category? Use this chart to find out.

Category	Total Amount Spent
Automobile	
Clothing	
Computer	
Donations/Gifts	
Entertainment	
Food	
Household/Rent	
Personal Care	
Recreation	
Savings	
School	
Transportation	
Other	

Where did you spend the most money?

setting up a budget

directions

Use a budget sheet to set up a monthly budget for Kelly. Write her expected income and expenses in the “budget” column of the form.

Case Application

Kelly’s Planned Monthly Income

Kelly works part-time at a greeting card company. She also works part-time at a record store. Her monthly take-home pay from her first job is \$600. Her monthly take-home pay from her second job is \$800.

Kelly’s Planned Monthly Expenses

1. Fixed Expenses:

- \$200 for rent (she shares an apartment with two friends)
- \$175 for car payment
- \$220 for car insurance

2. Flexible Expenses:

- \$100 (to save for going to trade school)
- \$150 for food
- \$40 for gas and oil (transportation)
- \$50 for clothes
- \$60 for entertainment
- \$30 for personal items

name: _____

date: _____

reworking a budget

directions

Kelly had some surprises this month! Write her actual income and expenses in the "actual" column of her budget form. Compare her planned income and expenses to her actual income and expenses. Then answer the questions below.

Kelly's Actual Monthly Income:

Kelly made \$45 in overtime pay this month from the record store.

Kelly's Actual Monthly Expenses:

Fixed Expenses:

- Rent went up to \$225, starting this month
- Her monthly car payment was \$175
- Her monthly car insurance payment went up to \$295

Flexible Expenses:

- \$190 for food (she had a pizza party)
- \$60 for gas and oil (her car needed an oil change)
- \$34 for parking and bridge tolls
- 220 for car repairs
- \$80 for a new pair of running shoes
- \$70 for entertainment
- \$60 for personal items
- \$36 for a birthday present for her mother

Unexpected events:

Kelly got two speeding tickets in one week. The total cost of both tickets is \$230.

Questions:

1. What is the difference between Kelly's planned expenses and her actual expenses?

2. In what categories did she overspend?

3. In what categories did she spend less than she planned?

4. How much did she spend for the use of her car this month?

5. How much money did she have at the end of the month to put into savings?

name: _____

date: _____

your budget

directions

Use this form to set up your own personal budget. Try to follow your budget for one month. Track your income and expenses. Write down how much you actually earn and spend. Is there a difference between what you planned and what actually happened?

Income	Budget	Actual	Difference
Job #1	\$	\$	\$
Job #2	\$	\$	\$
Other	\$	\$	\$
Total Monthly Income	\$	\$	\$
